OUR FARM

Dutchman Tree Farms is a tree farm located in beautiful Northern Michigan, family-owned and operated by Joel and Gale Hoekwater and Chris and Sarah Maciborski. Joel and Sarah's "Grandpa John" planted the first tree on the farm in 1960. Sarah's father, Steve Vanderweide, the "Dutchman", began selling the Scotch Pine planted by his father, at the Atlanta Farmers Market in 1972. Over the past 50 years, Dutchman Tree Farms has evolved to meet the demands of a changing market. Driven by an old-fashioned work ethic, our knowledgeable workforce is dedicated to all aspects of growing trees and ensuring quality products and services. This growing farm and family are in the 5th generation.
